ASSEMBLY INSTRUCTIONS

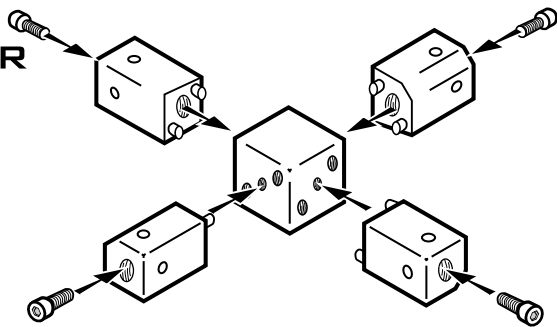

INSTRUCTIONS FOR FURNITURE ASSEMBLY, USE AND MAINTENANCE

1. To assemble the system, first screw together the front and rear frame constructions, then connect everything with cross profiles.
2. The IQube 22 system should only be cleaned with glass care products or a clean cloth dampened with warm water.
3. Assembled furniture should not be transported without proper protection against damage.
The furniture must not be loaded during transport.
4. When designing, we recommend using fin/fins profiles on the long side of the furniture.
